

Wedding Photography by the Little Photo Company

The Little Photo Company is made up of Tash and Steve, both photographers. Between them, they have 22 years of wedding photography experience, and have photographed hundreds of weddings all over the UK and abroad, but really enjoy working locally and love photographing events at the Sleeping Bear hotels.

The Little Photo Company specialises in relaxed, informal, fun and vibrant wedding photography which tells the story of your special day. A range of techniques and lenses are used, and each image is edited individually which means your photos are varied and exciting, and really reflect the fun, love and emotions of the day and the personalities of the people there.

As part of the hotel's Gold Package, the following is provided:

- approx 10 hours of photography from preparations to dancing in the evening
- subsequent editing/hand-touching of all of the supplied images
- costs of materials, postage & delivery of finished work
- copyright of supplied images

200-250 images are supplied on USB as high quality, edited, print-ready JPEG files, and also in an online gallery for you to easily share with friends and family.

From your gallery you choose the images that are delivered as:

- A box of 50 images professionally printed at 17x13cm with white borders
- A large 30x30cm hard-bound coffee table book of your chosen images (approx 50 images)
